Astra Satellite Channels (& Frequencies)

By Julian H. Stacey
jhs_ERASE_@berklix.com.com

Sized to print, cut & stick on back of Amstrad remote controllers. (You will have to cut off the frequencies column, but I added it to the printout so a second full width copy can be stuck on the back of larger remote controllers or elsewhere.

Where an encrypted & non encrypted channel share a frequency, I list the non encrypted. Where a childrens afternoon channel time shares with an evening adults channel, I list the adult channel.
